

## CoachCam:

For camcorders not on this list, check your manual. Your camcorder must have the ability to record an analog signal while in VCR or VTR or Play mode and should include instructions saying "Recording from VCR or TV" or "Dubbing from an external source," or similar language.

### Current Compatible Models (In Stores) October 2007

Manufacturer	Website	Model #	Compatible		Format
			Yes	No	
Sony	<a href="http://sonystyle-refurb.com">sonystyle - refurb</a>	DCR PC55	x		Tape
Sony		DCR - HC96	x		Tape
JVC	<a href="http://www.jvc.com">www.jvc.com</a>	GZ-MG 155, 255, 555	x		Hard Drive
Hitachi	<a href="http://www.hitachi.com">www.hitachi.com</a>	DZ-HS500A (Hybrid 500)	x		Hard Drive + DVD
Canon	<a href="http://www.canondv.com">www.canondv.com</a>	HV10, HV20	x		Hi-Def/ Tape
Samsung		SC-D975	x		Tape

Currently you can get some great buys on the JVC GZ-MG155, and the Hitachi DZ-HS500A on the internet.

Just type in the model number and do a "google" search

NOTE: If you are using Dartfish software, you will need to use a tape format. Dartfish currently accepts only AVI files and hard drive and dvd camcorders do not use this file format.
